

Terrace 72'' x 42''

With over 19'' in depth from the deck of the tub to the floor, the Terrace allows bathers to fully submerge themselves for a more pleasurable bathing experience. The Terrace can hold up to 40 gallons of water.

The Terrace is made from 100% acrylic with fibre-glass reinforcement for added strength and durability.

* Water & Air jet packages are not included in the base model of this bathtub
