

Collapsible Shower Threshold

5' Length - Grey

05010

Collapsible
Threshold for
Barrier Free
Shower Bases &
Shower Stalls.

Excellent shower water stopper for keeping the bathroom floor dry and safe in a curbless shower stall. This material easily collapses when a wheelchair rolls over it.

All sizes are 1 ½" high and 1 ¼" wide and come in 5 foot lengths. Only available in grey. Excellent when used in conjunction with weighted shower curtains.

Tools needed for installation:

Dry cloth (to wipe floor where installation will be performed)

Silicon

Utility knife

Always allow at least 24 hours for the silicon to dry.

Comes with 3m tape attachment strip already bonded the the underside of the collapsible threshold.
