

05010

Collapsible Threshold for Barrier Free Shower Bases & Shower Stalls.

Excellent shower water stopper for keeping the bathroom floor dry and safe in a curb-less showerstall. This material easily collapses when a wheelchair rolls over it.

All sizes are 1" high and 1 1/8" wide and come in 5 foot lengths. Only available in white. Excellent when used in conjunction with weighted shower curtains.

Tools needed for installation:

- Dry cloth (to wipe floor where installation will be performed)
- Silicone
- Utility knife

Always allow at-least 24 hours for the silicone to dry.

Comes with 3m tape attachment strip already bonded on the underside of the collapsible threshold

5' Length - White
