

Installation manual Manuel d'installation

Slate shower bases Base de douche Slate

Care and cleaning

Acritec recommends the use of mild dishwashing liquids and water to keep the surfaces bright and clean. Rinse well and dry with a clean cloth.

CAUTION : Powder detergents and liquid abrasive cleaners may damage surfaces. Do not allow the visible surfaces to come in contact with corrosive products such as drain cleaners.

DO NOT USE :

- Cleaning agents that contains chlorides, alcohol, ammonia or mineral essences.
- Steel wool, scouring pad or wire brushes.
- Essential oils, acetone, peroxide & hair dye.

This product needs to be room temperature, around 24 °C (77 °F), before starting the installation. Also, this products is heavier than regular shower bases. Keep this in mind while handling the shower base and store it flat, on a flat surface.

Nettoyage et entretien

Acritec recommande l'utilisation de détergents liquides doux pour vaisselle et d'eau afin de garder une surface propre et brillante. Bien rincer et assécher avec un chiffon propre.

ATTENTION : Les détergents en poudre ou liquides abrasifs peuvent endommager les surfaces. Ne jamais mettre en contact avec des produits corrosifs tels que les produits de débouchage de drain.

NE PAS UTILISER :

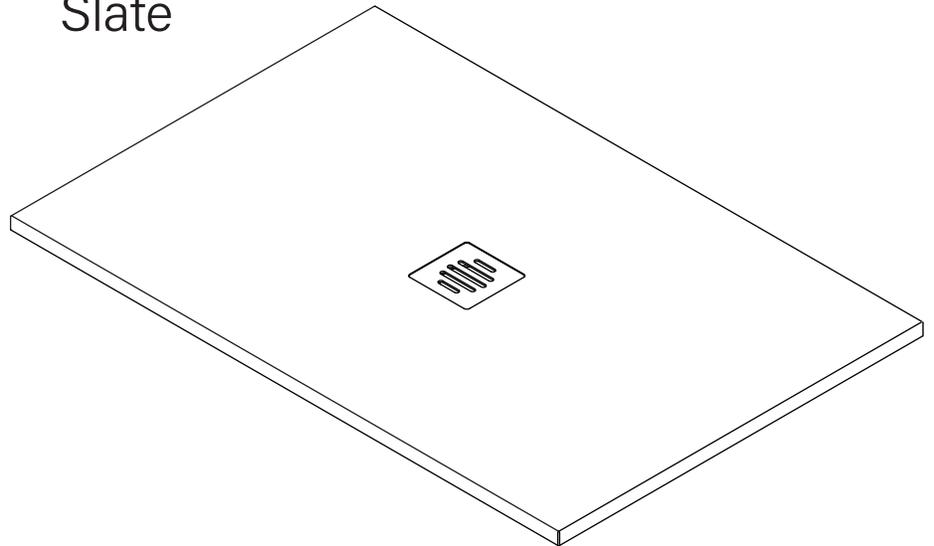

- Des produits nettoyants contenant des chlorures, de l'alcool, de l'ammoniac ou de l'essence minérale.
- De la laine d'acier, tampon à récurer ou brosses.
- Huiles essentielles, acétone, peroxyde & teinture à cheveux

Le produit à besoin d'être à température pièce, autour de 24 °C (77 °F), avant de commencer l'installation. De plus, ce produit est plus lourd que les bases de douches régulières. Le prendre en considération lors des manipulations de la base de douche et l'entreposer plat, sur une surface plate.

BEFORE STARTING THE INSTALLATION / AVANT DE COMMENCER L'INSTALLATION

This manual covers the installation and maintenance of your new products. Read through it once before proceeding to the installation

Consult your local building code to ensure that the installation complies with the standards of your area.

Carefully inspect the products upon arrival to make sure that there's no damage or missing pieces. If you find a defect, contact your distributor. If damage has occurred during transport, contact your carrier. Care must be taken to protect the surface during handling and installation.

Before proceeding with any piping work, make sure to mandate a certified professional in building technique from your province or state.

The dimensions of the product may differ from those indicated on the drawings. Technical drawings are available on the product's internet page found on : www.acritec.com

Ce manuel traite de l'installation et de l'entretien de vos nouveaux produits. Veuillez en faire une lecture complète avant l'installation.

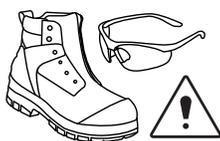

Consultez le code du bâtiment de votre région afin de vous assurer que votre installation respecte les normes en vigueur de votre région.

Inspectez minutieusement les produits dès la réception pour vous assurer que l'ensemble des pièces sont présentes et en bonne condition. Si un défaut est présent, signalez-le immédiatement à votre distributeur. Si il y a eu un bris lors du transport, contactez le livreur. Veuillez bien protéger la surface durant la manutention et l'installation.

Avant d'entreprendre tout travail de plomberie, assurez-vous de mandater un professionnel certifié en technique du bâtiment de votre province ou état.

Les dimensions du produit peuvent être différentes que celles indiquées sur les dessins. Les dessins techniques sont disponibles sur la page internet du produit: veuillez consulter le : www.acritec.com

1 FLOOR PREPERATIONS / PRÉPARATIONS DU PLANCHER

Make sure that the wall & floor supports are level. Correct if needed.
S'assurer que les supports du sol et muraux sont de niveau. Corriger si nécessaire.

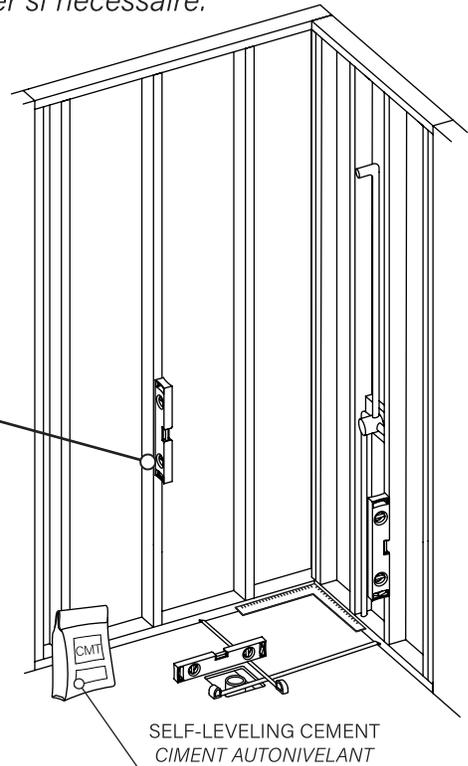

Coché moi!
Check me!

The plywood subfloor must be at least 1/2" (13mm) of thickness.
Le sous-plancher de contreplaqué doit être d'une épaisseur minimum de 1/2" (13mm).

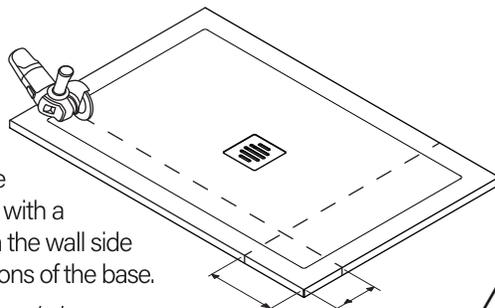

To place the plumbing, refer to the base or to the technical drawings found on the website : acritec.com
Pour placer la plomberie, se référer à la base ou aux dessins techniques pouvant être trouvés sur le site web : acritec.com

The Slate base can be cut no more than 2" on any of the sides

We recommend cutting the base with an angle grinder, with a ceramic diamond blade, on the wall side to avoid appearance variations of the base.

Nous recommandons de couper la base avec une meuleuse à angle, avec une lame au diamant pour céramique du côté des murs pour éviter les variations d'apparences de la base.

Cutting the base is irreversible and therefore Acritec cannot be held responsible for the direct or indirect damage caused by or resulting from modifications done to our products. Cutting over the maximum dimension will also void the warranty.

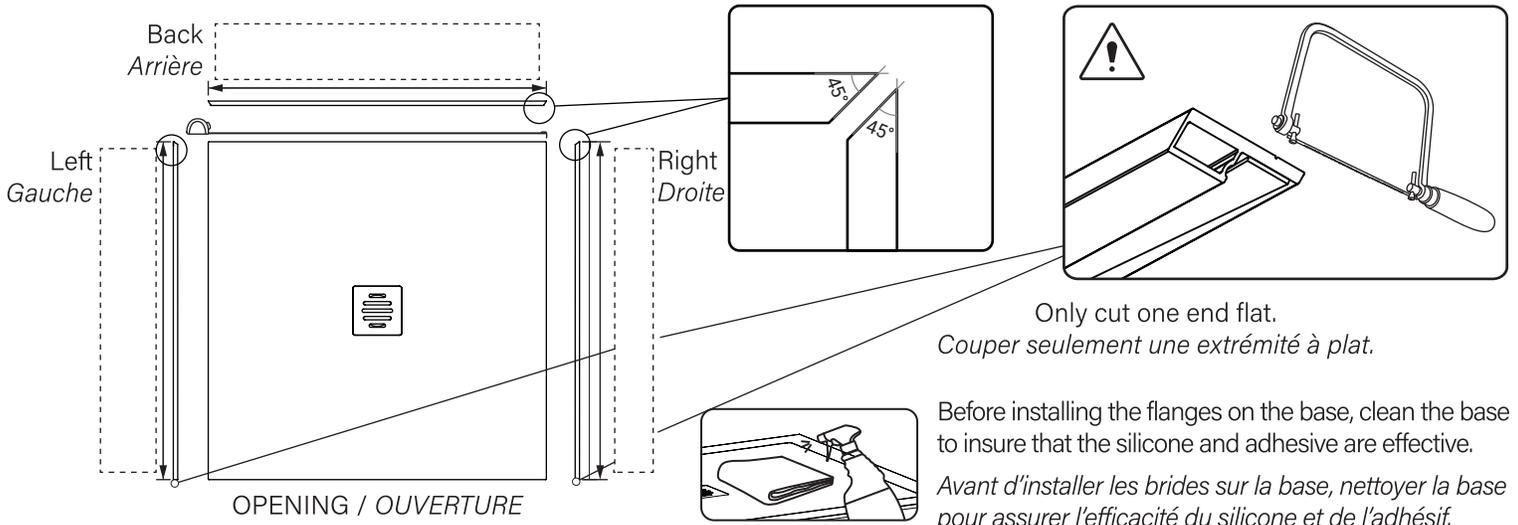

Couper la base est irréversible et donc Acritec ne peut être tenu responsable des dommages directs ou indirects causés ou résultant par la modification de nos produit. Couper au dessus de la dimension maximum annulera aussi la garantie.

2 TILING FLANGES PREPARATION / PRÉPARATION DES BRIDES DE CARRELAGE

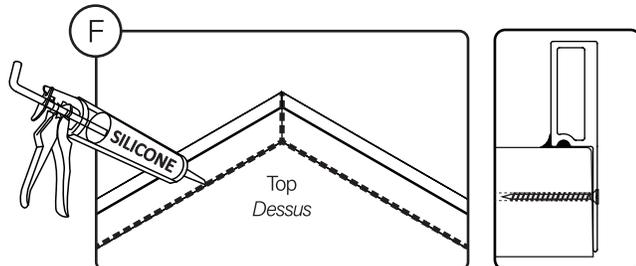

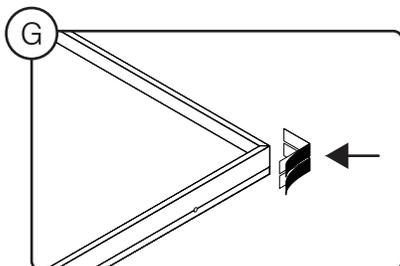

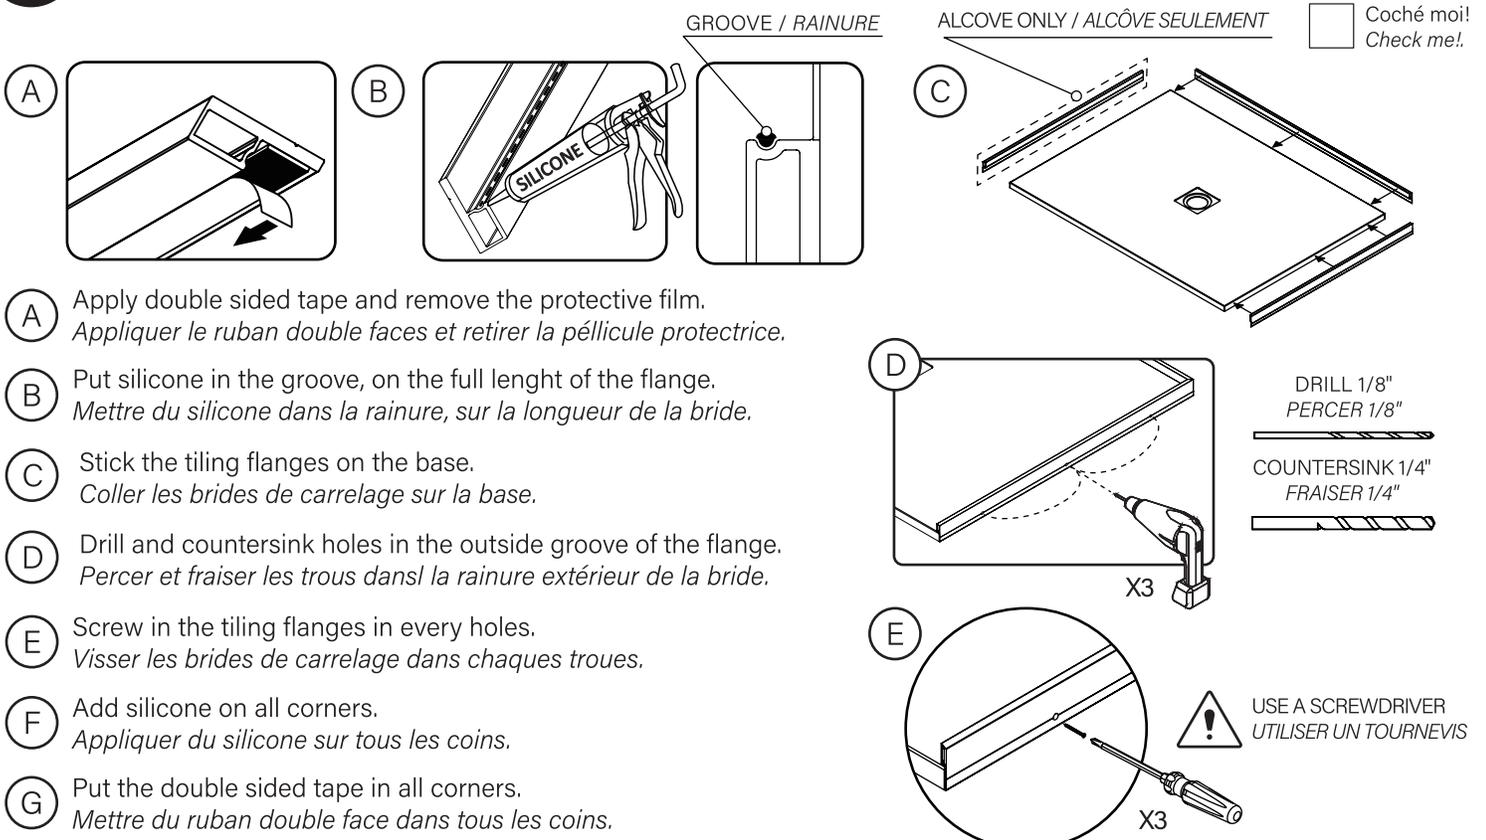

Make sure the tiling flanges are the right length and cut if needed.

S'assurer que les brides de carrelage sont de la bonne longueur et couper si nécessaire.

Coché moi!

DRAIN ASSEMBLY / ASSEMBLER LE DRAIN

Assemble the drain on the base. Drain not included.
Assembler le drain sur la base. Drain non inclus.

Coché moi!
 Check me!

Follow the installation manual from the drain supplier.

Suivre le manuel d'installation du fabricant du drain utilisé.

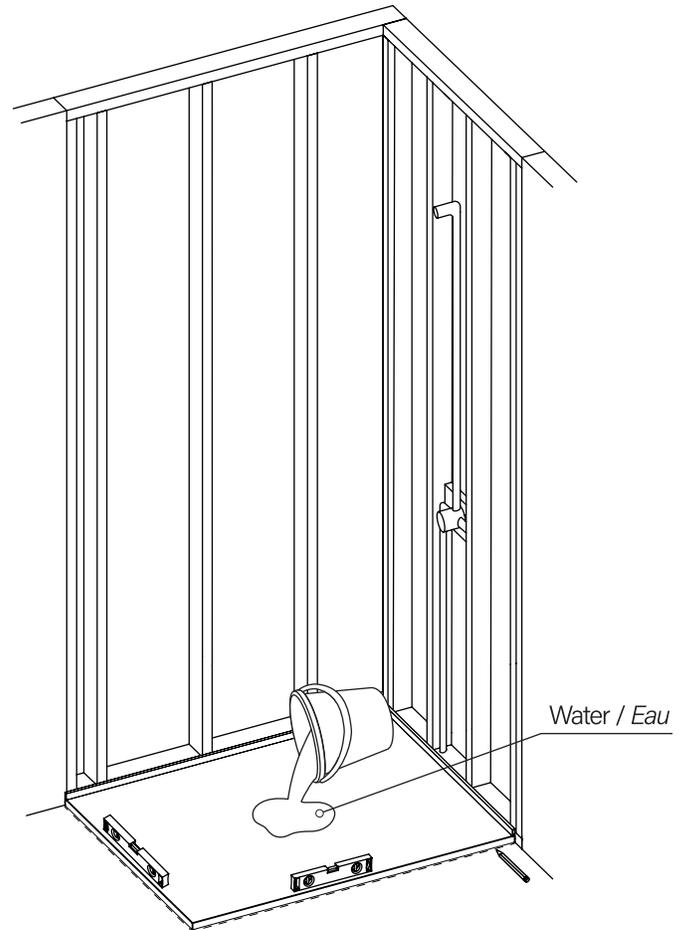

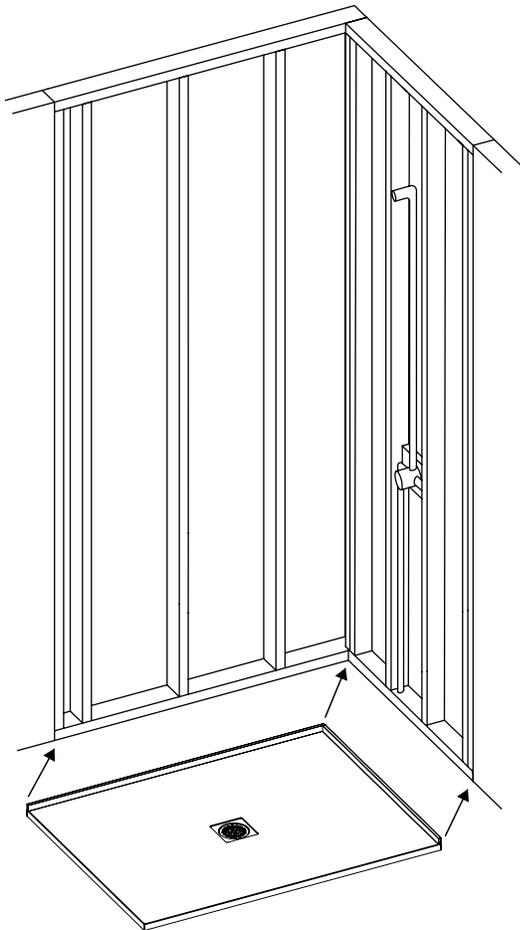

Test the fitment of the drain cover. Put it aside.

Tester le positionnement du cache drain. Mettre de côté.

5 PREPARE BASE INSTALLATION / PRÉPARER L'INSTALLATION DE LA BASE

Place the shower base in its final position to test the level and the water tightness.
Placer la base de douche dans son emplacement pour tester le niveau et l'étanchéité.

Coché moi!
 Check me!

Use shims to put the base to level if needed.
Utiliser des cales pour mettre de niveau la base si nécessaire.

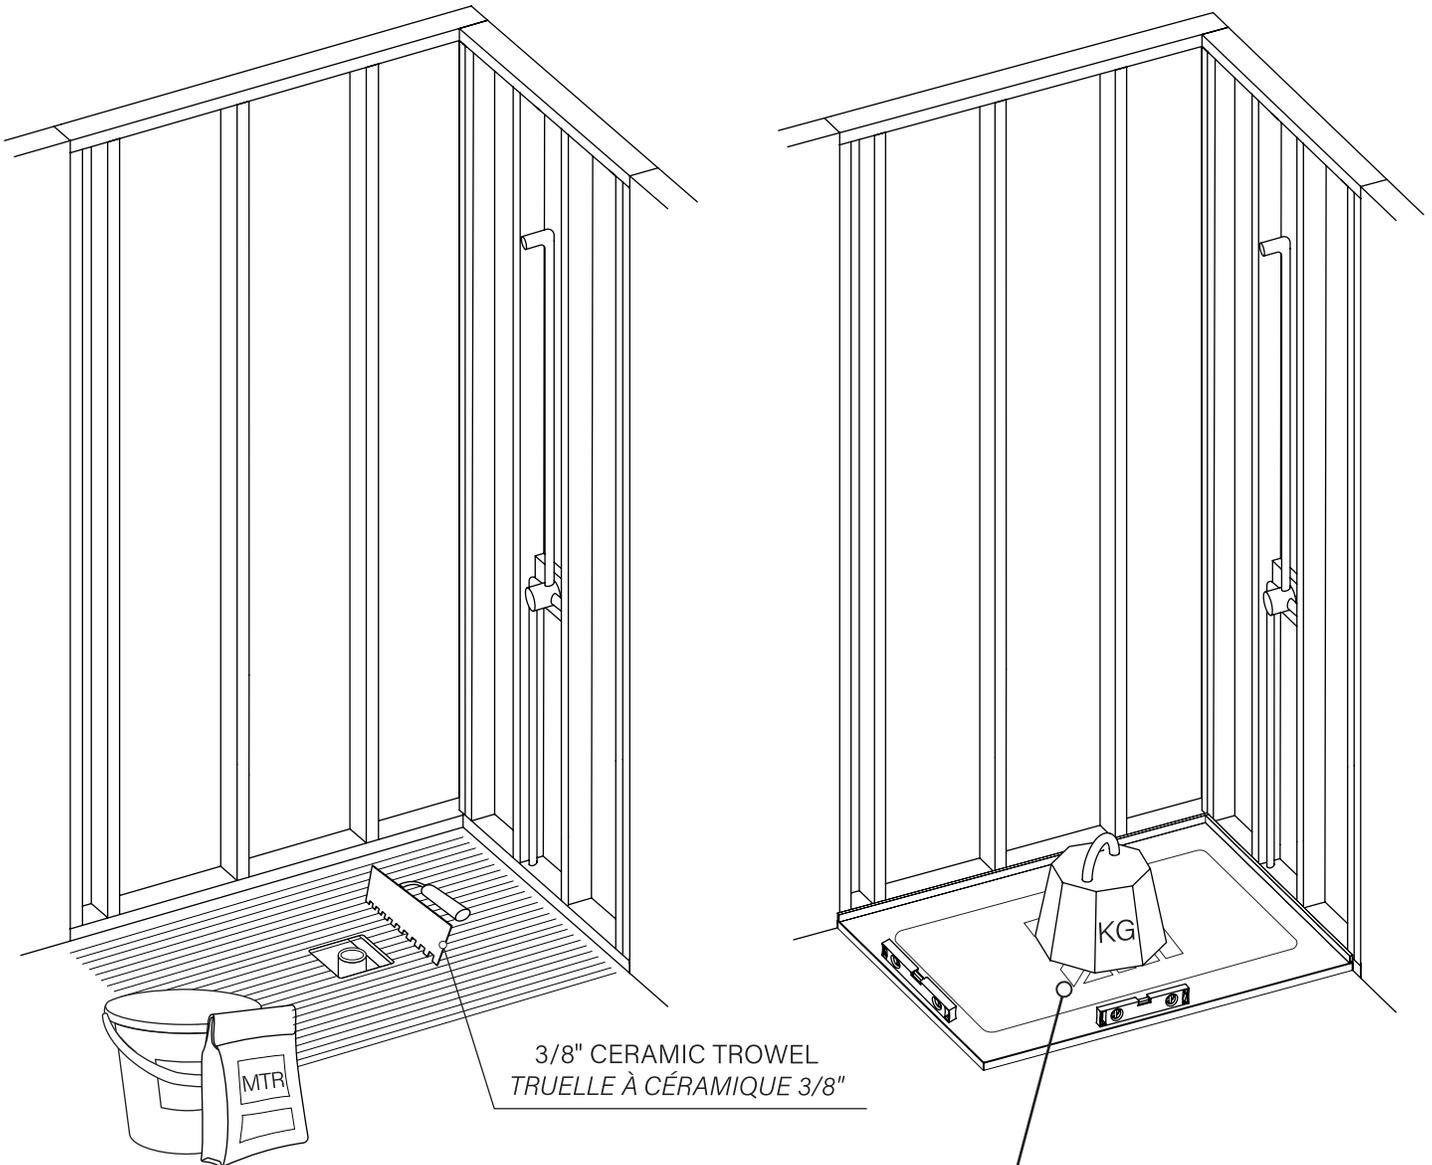

Remove the protective film on the tape in the corners.
Enlever les films protecteurs sur les rubans adhésifs dans les coins.

Test the draining system and confirm that there's no leakage.

Tester le système de drainage pour confirmer qu'il n'y a pas de fuites d'eau.

Remove the base and apply mortar/tile adhesive on the full surface under the base.
 Retirer la base et appliquer le mortier/adhésif à tuile sur toute la surface sous la base.

MORTAR / TILE ADHESIVE
 MORTIER / ADHÉSIF À TUILE

3/8" CERAMIC TROWEL
 TRUELLE À CÉRAMIQUE 3/8"

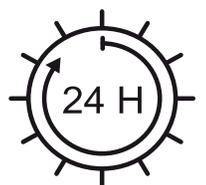

Do not use heating or expanding products. This may cause irreversible damages to the shower base.

Ne pas utiliser de produit chauffant ou expansible. Cela pourrait causer des dommages irréversibles

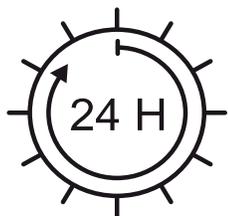

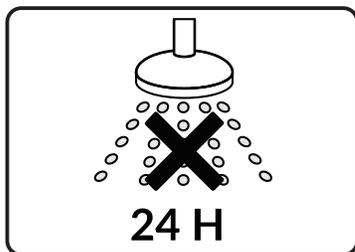

Protect the base when fixing the base and when using weight to apply pressure on the base.

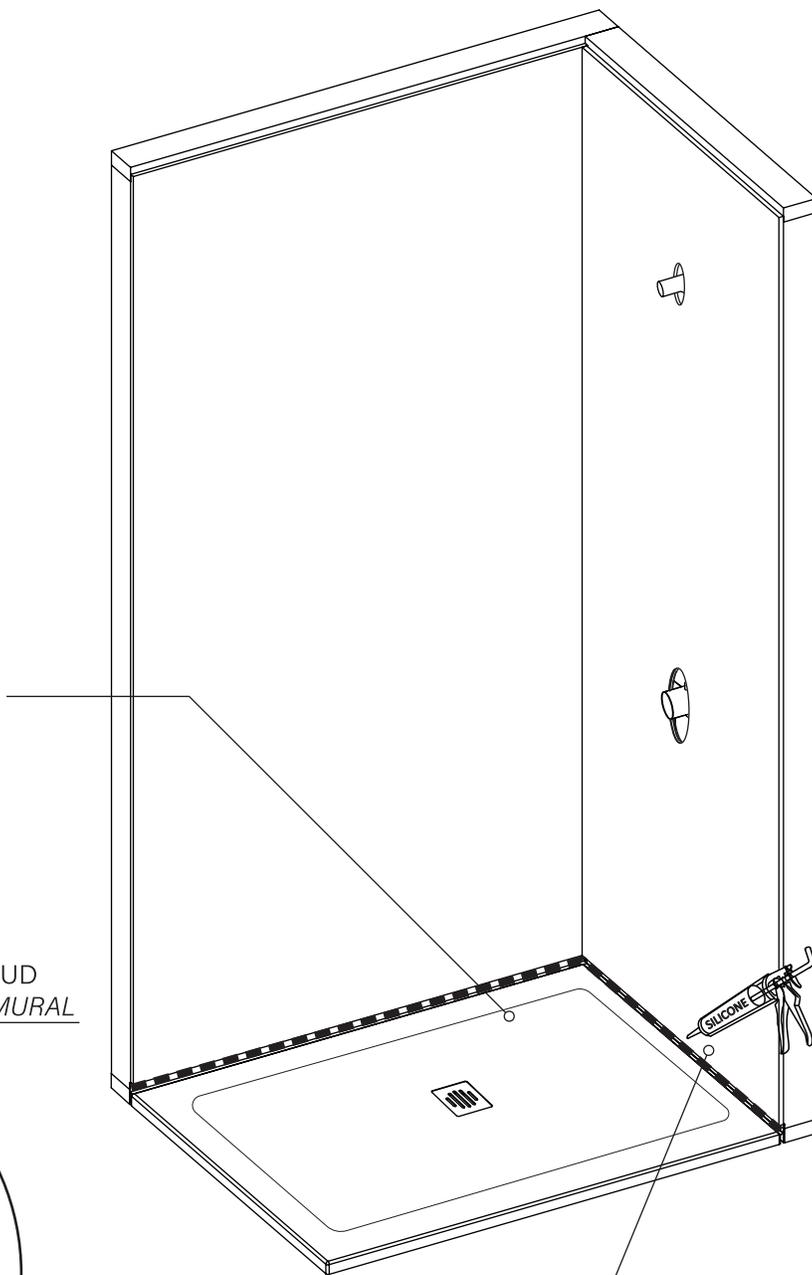

Protéger la base lors de la fixation et de l'utilisation de poids pour bien mettre de la pression sur la base

Assemble the walls around the shower base. Apply silicone between the base and the walls.
 Assembler les murs autour de la base de douche. Appliquer du silicone entre la base et les murs.

Remove the base protection when the shower is finished to be installed.
 Retirer la protection de la base lorsque la douche est finie d'être installé.

WARRANTY / GARANTIE

WARRANTY – CONDITIONS AND TERMS

GENERAL CONDITIONS FOR WARRANTY

Acri-Tec Industries Corporation (Acritec) offers a limited warranty on its products to the original purchaser for personal household use with his detailed receipt or invoice showing purchase of the product from an authorized Acritec distributor. The warranty will start from the original purchase date shown on the invoice or receipt and only applies to installations in the initial location. There are some differences in the warranties when used in residential applications and in commercial applications. See each section for details if applicable.

The warranty is limited to manufacturer's defects only and will not apply if a product is damaged by shipping or handling, is misused or abused, is involved in a fire or other natural disaster, is subject to freezing conditions, is subject to chemical or natural corrosion, and is subject to improper water chemistry. Our warranty does not cover daily wear and tear and colour fading.

The warranty also does not apply to "buyer's remorse" or situations where the product purchased is not compatible with the existing structure or space.

All products must be carefully inspected on receipt and any damage reported to, and claimed from, the freight company. We take photos before items are shipped showing the condition of the shipment before transport. These photos will be relied on in situations where damage is reported. The installation of a damaged or defective product voids Acritec's warranty. Any manufacturer's defects must be reported to Acritec on receipt and before installation. And the product must be installed and maintained in accordance with the installation, operation and maintenance instructions provided. Any transformation or alternation made to an Acritec product automatically voids the warranty.

Acri-Tec will, at its option, either repair or exchange the product or affected parts or make an appropriate refund as Acritec may elect, but in no event shall the liability of Acritec exceed the original purchase price of the item. And the exchange of a unit is limited to the supply of a replacement unit of comparable size and style and does not include any cost of transport, removal or installation.

Under no circumstance shall Acritec be liable for any direct, or consequential loss, or damage arising out of the use of this product. Except as expressly provided, there shall be no warranty or obligation, expressed or implied, oral or statutory, and in no event shall Acritec, its agents or employees be liable for injury to any person, or any claim of damage, however arising.

TERMS FOR LIMITED WARRANTY

All slate shower bases must have been installed according to the installation instructions provided.

SLATE SHOWER BASES

Residential – These products have a limited warranty for manufacturer's defects of 5 years from date of purchase.

SUBMITTING WARRANTY CLAIMS

Warranty claims must be submitted in writing to: RGA@acritec.com

Claims must include proof of purchase, the place and date of purchase, the model number and name of the product, measurements of the product, a full description of the problem, and photos showing the problem.

Warranty claims will be processed in an efficient manner, but customers should be aware that delays may result if all information is not received or if it is necessary for Acritec to inspect the product.
